INTEROFFICE MEMORANDUM

To: The Honorable Romulus City Council
From: Mayor Robert A. McCraight
Subject: Carbon Reduction Program – Streetlight Conversion Project
Date: April 7, 2025

I concur with the recommendation of Julie Albert, Director of Assessing and Financial Services, and Steve Hitchcock, City Attorney, and respectfully request Council authorize the Mayor and Clerk to enter into the attached DTE Acquisition Agreement for the conversion of 1,251 streetlights to LED throughout the City of Romulus.

Motion by _____, supported by _____, to concur with the administration and authorize the Mayor and Clerk to enter into the attached DTE Acquisition Agreement for the conversion of 1,251 streetlights to LED throughout the City of Romulus.

Memorandum

To: Mayor Robert McCraight
From: Julie Albert, Director of Assessing & Financial Services *Julie Albert*
cc: n/a
Date: April 7, 2025
Subject: Council Agenda item: Carbon Reduction Program – Streetlight Conversion Project

In 2023 the City of Romulus was selected by SEMCOG to receive a financial award for Carbon Reduction Program funding.

The award reimburses the City of Romulus 80% of the cost to convert our entire streetlighting system (1,251 lights) to LED. The total cost of the conversion is \$415,285.47. After reimbursement the City's cost will be \$83,057.09. These funds were budgeted in 2024 and encumbered until the project funding occurs in August of this year.

Our current estimated annual invoice is \$536,334.15. The future estimated annual invoice is \$343,657.70 resulting in an estimated annual savings of \$192,676.45. This means the City will experience a payback period of approximately five months. These savings will be passed directly onto our residents!

Steve Hitchcock has reviewed the attached agreement (see email).

Therefore, I respectfully request that the Romulus City Council authorize the Mayor and Clerk to enter in the attached DTE Acquisition Agreement for the conversion of 1,251 streetlights to LED throughout the City of Romulus.

A. Customer acknowledges that all or a portion of the Equipment is Special Order Materials ("SOM") and not Company's standard stock. Customer will purchase and stock replacement SOM and spare parts as provided in Section B below. When replacement equipment or spare parts are installed from Customer's inventory, Company will credit Customer in the amount of the then-current material cost of Company standard street lighting equipment in lieu of which the SOM is being used. Customer has up to twenty-four (24) months from the time Company uses, or takes possession of, such Customer SOM to seek reimbursement from Company.

B. Customer will maintain an inventory of at least 0 posts and 0 luminaires and any other materials agreed to by Company and Customer, and will replenish the stock by ordering materials no later than thirty (30) calendar days after the materials are drawn from inventory. If Company is unable to access the site during such hours for any reason, Company: (i) shall be relieved from any obligation or commitment to complete the work as scheduled; and (ii) may, at its option, procure the inventory itself and have Customer to reimburse Company's costs for doing so. Customer shall name an authorized representative to contact regarding inventory: levels, access, usage, transactions, and provide the following contact information to Company:

Name: N/A Title: N/A

Customer will immediately notify Company of any changes in the Authorized Customer Representative. Customer must comply with SOM manufacturer's recommended inventory storage guidelines and practices. Damaged SOM will not be installed by Company.

D. In the event that SOM is damaged by a third party, Company may (but is not required to) pursue a damage claim against such third party for all of Company's costs incurred because of the claim, including all labor and replacement materials. Company will notify Customer as to whether Company will pursue such claim within a reasonable time of the SOM being damaged.

E. In the event that SOM becomes obsolete, discontinued, or incompatible with Company's infrastructure, Customer shall select new alternate SOM that is compatible with Company's then-existing infrastructure. If Customer does not select compatible alternate SOM, Company reserves the right to select compatible SOM that is, in its reasonable judgment, substantially similar, or replace the SOM with standard materials, in either case being entitled to

reimbursement from Customer for Company's costs in providing such transition of supply (including internal overhead and labor costs).

F. Should Customer experience, in Company's reasonable judgment, excessive LED equipment failures that are not supported by LED manufacturer warranties, Company will replace the LED equipment with other Company supported Solid State or High Intensity Discharge luminaires at Company's discretion. The full cost to complete these replacements to standard street lighting equipment will be the responsibility of Customer.

14. Special Financing Options

A. Post Charge Option:

Effective February, 6 2025 - For each increment of \$1,000 of investment which exceeds three times the annual revenue at the prevailing rate at the time of installation, add to rate per year an additional **\$84.96**.

B. Finance Charge Option:

As an alternative, where the required contribution exceeds \$10,000, upon agreement of the Customer and the Company, the Customer will pay an additional annual charge of the Company's weighted average cost of capital (7.05%) times the contribution amount in lieu of the cash contribution.

DATE: April 8, 2025

I concur with the recommendation of Michael Laskaska, Director of Communication and Community Services, and Christina Parker, Purchasing Director, and respectfully request Council's authorization to piggyback on the Omnia Partners contract #2017001134 for the purchase and installation of playground equipment from GameTime for Mary Ann Banks Park at a total cost of \$59,584.60.

Gary Harris, Assistant Finance Director, has verified that funds for the purchase are currently available in General Fund, Parks and Recreation Department, Capital Outlay Expense account #101-751-971.000 pending approval of the second reading of Budget Amendment 24/25-15.

Motion by _____, supported by _____, to concur with the administration and consent to piggyback on the Omnia Partners contract #2017001134 for the purchase and installation of playground equipment from GameTime for Mary Ann Banks Park at a total cost of \$59,584.60.

MEMORANDUM

DATE: April 7, 2025
TO: Mayor Robert A. McCraight
FROM: Christina Parker, Purchasing Director
SUBJECT: Piggyback on Omnia Partners Contract #2017001134 for Playground Equipment and Installation from GameTime for Mary Ann Banks Park

Please be advised that the City is not required to solicit competitive bids for this purchase under the exception to competition clause of the Romulus Purchasing Ordinance which allows for the piggybacking on a contract solicited and awarded by another agency and as further outlined in subsection 39-11 (d)(10) of the Ordinance:

"The city's procurement by competitive sealed bids shall be waived and the city may piggyback on an existing extendable contract, where the materials, services or goods in combination with services are purchased from a state or local governmental agency's bid that has been sufficiently advertised and was the subject of sealed bids so that in the opinion of the purchasing director or their designee the procedure meets the intent of competitive sealed bidding under this chapter."

Director of Communication and Community Services, Michael Laskaska, is requesting Council's permission to purchase and installation of playground equipment for Mary Ann Banks Park by piggybacking on an Omnia Partners Contract that was awarded to GameTime (c/o Sinclair Recreation) via contract #2017001134.

Omnia Partners Public Sector is a nationally approved cooperative purchasing organization for the public sector. All cooperative purchasing contracts available through Omnia Partners, Public Sector are competitively solicited and publicly awarded by a lead agency using applicable procurement laws and regulations.

The City of Charlotte, NC acted as the host agency for this Omnia Partners solicitation that resulted in a five (5) year contract (July 1, 2017 through June 30, 2022 with an option to renew for two (2) additional two-year periods through June 30, 2026, currently renewed through June 30, 2026) being awarded to GameTime (c/o Sinclair Recreation). The pricing submitted was per the contract and I am confident that the pricing obtained meets the intent of the competitive sealed bidding requirement of our ordinance.

It is the recommendation of myself and Director of Communication and Community Services Michael Laskaska to proceed with the purchase. If you concur, please request Council's permission to piggyback on the Omnia Partners Contract #2017001134 for the purchase and installation of playground equipment from GameTime for Mary Ann Banks Park for a total cost of \$59,584.60 (refer to the attached Quote # 107448-01-01).

Gary Harris, Assistant Financial Services Director, has verified that funds for this purpose are available in General Fund, Parks & Recreation Department, Capital Outlay Expense Account (101-751-971.000), pending City Council approval of the second reading of Budget Amendment 24/25-15.

MOTION by Rutherford, support by Franklin, to approve the June 14, 2023 minutes of the Construction Board of Appeals meeting as submitted.

Roll Call vote: Ayes – Rutherford, Franklin, Chandler. Nays – none. Motion carried 3-0.

6. Petitions

Photographs were presented as part of the background information on the properties listed below.

A. 34139 Beverly Rd, single-family residential structure, garage, slab

Earl Beanum was present on behalf of Eddie Beanum, regarding 34139 Beverly Road.

Mr. Beanum said he had been in contact with Building and Planning Director Kemp and understood that the City had been holding over \$15,000 related to fire damage on this property.

Director Kemp explained that funds held under fire withholding will be released to the owner upon the demolition process being completed by the owner's hired contractor. The fire damage occurred in November 2023, and Director Kemp's understanding was that the owner was going to take care of demolition. Once Mr. Beanum's contractor pulled a permit for demolition, the property would be removed from the demolition list.

Mr. Beanum said they had not yet chosen a contractor to do the demolition. The water was turned off by the City soon after the fire. The DTE disconnects have been done.

Mr. Lindenmuth arrived at 10:06am.

Director Kemp explained that even though the water had been turned off, the actual water and sewer disconnect had not occurred but could be scheduled with the Department of Public Works within the next 90 days, allowing permits to be pulled and demolition to go forward during that time period.

MOTION by Rutherford, support by Franklin, that the owner of the property at 34139 Beverly Road has 90 days for his contractor to obtain demolition permits, and in the meantime the property will remain on the demolition list.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

Mr. Beanum noted that someone had come to his aunt's property in Detroit with a copy of the certified letter that she had received, asking what the plans were for the property. Director Kemp said that person was not a representative of the City and likely pulled the posted notice off the house, even though this is illegal.

B. 35930 Beverly Rd, single-family residential structure, garage, slab

Elissa Warren, owner of 35930 Beverly Road, was present. She noted that when she visited the property today the front door was in place, even though the pictures provided this evening showed the door had been kicked in or otherwise removed.

Building and Planning Director Kemp said the pictures were recent, and Chair Chandler said the door had not been in place when he drove by the property.

Director Kemp said that Ms. Warren had owned the property since 2015 and had been in touch with the City about renovating and/or selling the property. On February 4, 2025 the City had done a walk-through certification inspection, with both Building and Electrical inspectors. Both inspectors concluded the building needs to be completely renovated to code by licensed contractors. The home has been sitting vacant for almost a decade and the City has received complaints from the neighbors.

Ms. Warren said she listed the property for sale about two weeks ago and received numerous calls. However, she pulled the property off the market when she learned that the inspection needed to be done before the property was listed for sale. She and her husband had then done a walkthrough of the property with the City inspectors as already stated. The property has a solid structure but requires extensive renovation, including work on the drywall and the ceiling. Raccoons have ripped up the insulation. The garage door needs to be replaced, and the property needs to be cleared of debris on the inside and outside. Their plan is to get the outside cleaned up and then place the property back on the market.

In response to questions, Ms. Warren said that several people expressed interest in purchasing the property because of the value of the land.

Chair Chandler asked if 90 days would be an appropriate time to give the homeowner to make sure demolition permits were pulled.

Director Kemp explained that any buyer would need to be aware of the results of the city inspection of the property, including the list of necessary repairs and what is required to make the home habitable. A licensed contractor will need to pull permits to do renovations and get inspections.

Director Kemp said the City cannot allow the home to remain in its current condition. If the home stayed on the demolition list in approximately 6 months the City would have finished its processes and would be ready to demolish.

Chair Chandler asked Ms. Warren if a 90-day time period seemed reasonable to her. Ms. Warren said, "Yes it does."

MOTION by Rutherford, support by Lindenmuth, that the owner or future owner of the property at 35930 Beverly Road has 90 days to obtain permits for property renovation or demolition. In the meantime, the property will remain on the demolition list.

**Roll call vote: Ayes – Rutherford, Lindenmuth, Franklin, Chandler. Nays – none.
Motion carried 4-0.**

C. 35875 Bibbins, single-family residential structure

Owner Sherry Hester was present on behalf of the property at 35875 Bibbins. Ms. Hester said that she had some work done on the property last summer, including a new roof. She will be getting new windows for the house soon. She wants to renovate the entire home, which was her parents' home.

In response to questions, Ms. Hester said the house had not been lived in for about 10 years. The last resident was her brother, whom she eventually had to evict.

Director of Building and Planning Kemp pointed out that no permit had ever been pulled for the roof, and he was uncertain as to the extent of the work done. No City inspectors had ever done any inspections or been inside the home. There is no Certificate of Occupancy. The City will work with Ms. Hester if she wants to renovate the home, but first a walk-through inspection should be scheduled, and permits should be pulled for the renovation. No one can live in the house until a Certificate of Occupancy is issued.

Ms. Hester said she had contractors coming to look at the house and quote the work that needs to be done, including the windows and the front porch. She was hoping to have the work done within 6 months. She and her son live in the little house next door and hoped to move into the larger home soon.

Ms. Hester said she would schedule a walk through inspection with city staff in the next couple of weeks.

Ms. Hester said she had paid a contractor \$15K to work on the house, but he had taken her money and never done the work. She had tracked the contractor down to his location in Ypsilanti and was going to be following up with him regarding this situation.

Director Kemp said that no contractor had ever reached out the City regarding this property. He gave his card to Ms. Hester and asked her to get in touch to schedule the walk-through of the home. As Ms. Hester had already stated, this should be done within the next couple of weeks. The property will stay on the demolition list until permits are pulled.

MOTION BY Lindenmuth, support by Franklin, that the property at 35875 Bibbons, remain on the demolition list until the proper permits for renovation are pulled.

**Roll call vote: Ayes – Lindenmuth, Franklin, Rutherford, Chandler. Nays – none.
Motion carried 4-0.**

D. 6965 Birchdale, single-family residential structure, (3) - sheds

Owner Roger Carmickle was present on behalf of the property located at 6965 Birchdale. Mr. Carmickle explained that the trucking company located behind this property is interested in purchasing it and is fully aware that the building must be demolished. Mr. Carmickle needs to get a copy of the Title or Deed from the Wayne County registrar's office and needs to get the house cleaned out.

Mr. Carmickle said that since his wife passed, he had been unable to care about the house and property.

Building and Planning Director Kemp said he has spoken with Sammy at All Pro Logistics. The company has been trying to purchase properties in the area, and they are likely to purchase this property, as Mr. Carmickle had already stated. In the meantime, Director Kemp recommended

keeping the property on the demolition list. He encouraged Mr. Carmickle to stay in touch with Sammy at All-Pro Logistics and with the City.

MOTION by Franklin, support by Rutherford, that the Construction Board of Appeals follow the recommendation of the Building Department, and that 6965 Birchdale remain on the demolition list.

**Roll call vote: Ayes – Franklin, Rutherford, Lindenmuth, Chandler. Nays – None.
Motion carried 4-0.**

E. 6355 Cordell, single-family residential structure, garage, shed

No one was present representing this case.

Building and Planning Director Kemp said that in 2024 Water Department staff went to the house at 6355 Cordell to do a meter change and based on what they saw reported the property to the Building Department. Upon a walk-through inspection, it was discovered the house was uninhabitable and unsafe, and the property was posted. At the time the person living in the home was the owner's daughter, and she moved out shortly thereafter; the home has been vacant ever since.

MOTION by Rutherford, support by Franklin, that the property at 6355 Cordell remain on the demolition list.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

F. 35523 Goddard, single-family residential structure, (2) garages

Owner Tony Williams was present on behalf of the property at 35523 Goddard. Mr. Williams said that he had spoken with Building and Planning Director Kemp regarding demolition of the property. The gas and electric have been disconnected. They will work with the City to disconnect the water. They were asking if the last garage – which was on a separate parcel – could remain, as they stored lawn and other equipment in that garage to maintain the exterior of the property, including removal of dead or damaged trees on the site.

In response to questions, Mr. Williams said they hoped to have the demolition complete by the end of April. Director Kemp said this was an acceptable time frame. However, he could not approve leaving a garage on the property, as the ordinance prohibited having an accessory structure without a primary structure on a lot. The accessory structure would have to be removed as well. The fact that it was on a separate property did not change the requirement that it needed to be removed. Mr. Williams only recourse regarding leaving a garage standing on an otherwise vacant lot was to seek a variance from the Zoning Board of Appeals.

It came out in discussion that the property was zoned CBD, which allowed for mixed use in the downtown, including residential and commercial uses.

MOTION by Rutherford, support by Franklin, to allow the property owner of 35523 Goddard a 90 day window to secure the permits and demolish the buildings, and in the meantime the property will remain on the demolition list.

In response to further questions from Mr. Williams, Director Kemp said the water and sewer tap disconnect had to be done by the City. The bond attached to the property will be issued to Mr. Williams when the demolition was complete.

Since the cost of the sewer and water shutoff is \$1800, Mr. Williams asked if some of the bond could be used to cover that amount. Director Kemp said he would find out the answer to this question.

Mr. Williams asked what uses would be allowed on this property. Director Kemp said this question should be directed to Director Krause in the Economic Development Department. He noted that the City is particularly interested in the future development of the site, as it serves as a gateway to the downtown area.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – None.
Motion carried 4-0.**

- G. 11201 Middlebelt, single-family residential structure with attached garage, shed**
No one was present representing this property.

Building and Planning Director Kemp said that this residential property had been vacant for a very long time, and there had been no contact from the owner. There had been a variety of enforcements against the property since 2007. The property is zoned M-2 and can no longer be a residential property.

Motion by Rutherford, support by Franklin, that the property at 11201 Middlebelt remains on the demolition list.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

- H. 29805 Van Born, single-family residential structure**
I. 29815 Van Born, single-family residential structure, garage, shed

Items H. and I. were heard together, since both are on the same parcel.

Planning and Building Director Kemp said that both of these addresses had been discussed at the June 14, 2023 CBOA meeting and were on the demolition list at that time, when the owners asked that the City work with them. City staff did visit the properties, and the properties were pulled off the demolition list. Since then, communication had grown silent, and the two addresses needed to be placed back on the demolition list. The homes have lost their nonconforming status in the M-1 district and can no longer be residential homes on that lot. Both houses are in really bad shape.

Motion by Rutherford, support by Franklin, that the properties at 29805 Van Born and 29815 Van Born remain on the demolition list and be referred to City Council.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

- J. **35854 Vinewood, single-family residential structure, shed, slab**
No one was present representing this property.

Building and Planning Director Kemp said this property had been owned by the same person since 1995. There had been zero communication with the owner.

Board Member Franklin said that the original owner lives next door with his brother's widow.

Motion by Franklin, support by Rutherford, to leave the property at 35854 Vinewood on the demolition list.

**Roll Call vote: Ayes – Franklin, Rutherford, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

- K. **6577 Washington, single-family residential structure, shed**
No one was present on behalf of this property.

Building and Planning Director Kemp said this property had the same owner for the past 30 years but had not been occupied since 2014. The City is receiving complaints from the neighbors.

MOTION by Rutherford, support by Franklin, that the property at 6577 Washington remains on the demolition list.

**Roll Call vote: Ayes – Rutherford, Franklin, Lindenmuth, Chandler. Nays – none.
Motion carried 4-0.**

- L. **11114 Whitehorn, single-family residential structure, shed**
There was no one present to represent this property.

Building and Planning Director Kemp explained that the original owner had passed away and left the property to their daughter, who has lived in Georgia for over a decade with her military spouse. Director Kemp has been in touch with them, and they did clean the exterior of the property. However, the structure including the interior is in really bad shape. A part of the foundation is sinking. Previously, the daughter had indicated she was going to try to renovate the property as it was her childhood home, but in the meantime the home was deteriorating, with no recent contact with the new owner for 3-4 months.

MOTION by Lindenmuth, support by Rutherford, to place the property at 11114 Whitehorn on the demolition list.

**Roll Call vote: Ayes – Lindenmuth, Rutherford, Franklin, Chandler. Nays – none.
Motion carried 4-0.**

When needed, the Planning Department utilized the consulting services of Carlisle Wortman and Associates for planning and zoning assistance. CWA (John Enos and Doug Lewan) assisted on rezoning, special land use, and site plan reviews; zoning interpretations; and Zoning Ordinance amendments. OHM, Engineering Advisors (Jessica Katers and Lindsey Hakala), the City's consulting engineers, performed engineering, traffic, architectural, lighting and landscape reviews on development proposals. Ritter GIS, Inc. updated the City's Zoning Map and prepares other maps as requested. All of OHM's and CWA's fees associated with development review were covered by developer review fees.

PLANNING COMMISSION ACTIVITY

The Planning Commission met 10 times during 2024 to review site plans, special land uses, and conditional rezonings; site plan extensions and waivers; and to discuss Zoning Ordinance amendments. Developments considered by the Planning Commission, of which seven required public hearings, included the following fueling/charging stations: Sheetz II, Maverick (fka Kum & Go), Quik Trip, Safeway Oil Service Center, Tesla Supercharger EV Charging Facility, and Pilot Travel Center; trucking facilities including A-1 Singh Trucking; Global Truck Repair, and Goddard Overflow Lot; warehouse and industrial development for NorthPoint Industrial Phase II, Buck's Oil (similar use determination), Savoy Energy Oil Well, and OPUS Group Condominium; Avis Budget Rental Car Storage Facility; and commercial development for Premier Hospitality Romulus Hotels (Residence Inn and LivSmart Studios) and Motown Sports Group (development concept). Administrative (revised) site plan reviews consisted of 67 reviews. Development inquiries included 19 projects that are in the system at the conceptual review stage. New development activity with associated pre-application meetings and site plan submittals, increased in 2024 however many of the submittals are not yet complete for Planning Commission review.

ON-GOING PLANNING ACTIVITY

The Planning Commission and Planning Department were involved in the following activities during 2024:

Zoning Ordinance Text Amendments. The Planning Commission recommended to the City Council approval of an amendment for Article 3.06, ***Parking and Storage of Recreational Vehicles, Commercial Vehicles and Automobiles in Residential Districts.***

Payment in lieu of Construction of Sidewalk. During 2024, \$7,800 was collected as part of the development project for Kade Properties where monies were placed in this fund in lieu of construction of sidewalks. \$101,213.55 from 2024 development will be forthcoming at construction commencement (Romulus Distribution Center, Project Wayne, and ETP Sunoco).

Reoccupancy and Zoning Compliance Reviews. The Planning Department processed 33 applications for the reoccupancy of nonresidential buildings in 2024. Some of these have led to site plan review for expansions and some are tenants occupying spec buildings previously approved by the Planning Commission.

2024 City of Romulus Planning Commission Annual Report

Enforcement Initiatives. The Planning Department continued to assist the Building and Safety Department with the enforcement of the Zoning Ordinance utilizing BS&A, Building.Net software. Several unauthorized occupancies are now seeking site plan and reoccupancy approval to continue operating in the City.

BS&A/PZE Module. The Planning Department better utilized the City's software system for electronic data storage and project management. This allows for improved efficiency and better communication with other City departments. Updates to the planning and building process steps were added and input of Planning Department files have been part of the system utilization.

Inter-Department Activity. The Planning Department assisted the Clerk's Office in the reviews of liquor licenses, business registrations, and kennel licenses; the Assessor's Office with land divisions and address changes; and the Building Department with signs, re-occupancies, woodlands, food trucks and cell tower reviews; the Mayor's Office with special projects and resident complaints; the Ordinance Department with enforcement; and the DDA with development proposals, use determinations and ordinance interpretation.

City Website. Planning Department staff continues the updating of Planning Department applications and development activity on the City's website.

Planning Commission and Staff Training. Completed workshops through Michigan Association of Planners (3 Planning Commissioners, City Planner) and attendance of the Michigan Association of Planning Conference (2 Planning Commissioners, City Planning).

FUTURE PROJECTS and ACTIVITY

Some of the major projects activities that will be completed, continued or initiated in 2025 include:

Zoning Ordinance Update. While the Zoning Ordinance has been codified to include all amendments since 2011, an overall review by our new planning consultant, CWA will be started in 2025. Current amendments being considered include standards for the EV charging stations and long-term parking; zoning district standards including implementing a form-based code; private roads/street frontage and road standards; single-family accessory standards; landscaping, land divisions, and permitted vs. special land uses standards.

Master Plan Update. With the help of the Economic Development Department and Michael Baker International, the first workshop/listening session is scheduled for February 2025 for the Ecorse Road: Corridor Vision Master Plan update. A housing study is also underway by Economic Development. Both of these will be incorporated in the overall Master of Plan of Land Use which the Planning Commission will undertake in 2025.

2024 City of Romulus Planning Commission Annual Report

Ordinance Updates. In addition to the Zoning Ordinance, updates to the Sign Ordinance and Woodlands Ordinance will be considered and coordinated with the Building and Safety and Ordinance Departments.

GIS/Zoning. With the BS&A software update, the Planning Department will continue to work with Ritter GIS and the City Assessor to add the zoning, master plan and existing land use layer to the City's GIS system and to update the associated maps. Ritter GIS will also begin complying data for a Development Activity Map.

Non-motorized Plan. As identified as a top priority in the Master Plan of Land Use, a non-motorized plan that coordinates with Wayne County, MDOT and adjacent communities' regional pathway plans was approved in 2021. As part of this process, use of the City's payment-in-lieu of construction of sidewalks fund will continue to be analyzed and project areas prioritized.

ACTION

The Planning Commission received this report at its March 17, 2025 meeting. A motion was made by Commissioner McAnally and supported by Commissioner Long to accept the report as written and recommend that the report be submitted to the Mayor and City Council. The motion was carried.

24.01 – DEMO STATUS

BIBBINS 35875 – Met property owner & her son on site for a walk thru, the interior of the home is gutted, there is water damage and rot to one side of the home. The property owner would like to rehab the home. I instructed her to speak with contractors and get bids and have plans submitted. Owner stated permits would be pulled and renovations would be on going within one year. Home needs complete renovation up to today's code. I have not heard any word or received any submittal as of the walk thru on 3/14/2025.

11201 Middlebelt Rd – I was contacted approximately one month ago by two separate attorney's claiming there is currently a property ownership dispute asking to postpone the demo. This was discussed at the public hearing. I reached out to both attorney's explaining that this home has been vacant and a blight in the City for years. I asked if they had a timeline to determine who the actual owner was and what their plan was moving forward. I have not heard from either attorney nor property owner in question since I replied to their email.

6577 Washington – Met property owner & her daughter on site, did a walk thru, the home is completely gutted inside. Property owner's daughter has expressed interest in rehab the home and adding an addition. I explained to them that in my opinion, it would be more costly to rehab and add an addition and less costly to demo the home and rebuild.

11114 Whitehorn – Property sold this past week to Kenneth Hickman, who has submitted a floor plan, but no construction plans as of yet. His plan is to completely rehab this home and property. I would like to keep it on the demo list in case he does not follow thru.

Date: April 10, 2025

Re: FYI – Seventh Day Adventist Church

Correspondence has been filed with the Clerk's Office inquiring on the policy of door to door advocacy within our community. It has been confirmed by the City Attorney that there are currently no orders restricting or limiting such activity. Further research of the City Code of Ordinance did not result in any findings regarding regulation of door to door advocacy as such activities do not fall under the definition of a "peddler" as prescribed in Chapter 46, Section 46-139 of the City Code of Ordinance. I have attached a copy of the ordinance to this memo.

Therefore I want to inform you that the Seventh-day Adventist Church Family Health and Education Resources Ministry plan to dispatch their student literature evangelists to go door to door distributing religious literature and other activities in the community starting June 1st through August 22nd, from 10:00am to 9:00 p.m.

To Whom It May Concern:

I write today regarding evangelistic work that the Family Health and Education Resources ministry of the Seventh-day Adventist Church will soon be conducting in your community. Student literature evangelists will be going door-to-door distributing free religious literature, praying with community members, enrolling interested individuals in Bible Studies, and seeking donations to support the program.

The Literature evangelistic program of the Adventist Church has been in existence for well over 100 years and is an important part of the Church's missionary work and evangelism. As student literature evangelists they are following the Great Commission that Christ gave His followers in Matthew 28:18-20.

In order not to disturb the community or be bothersome, this program usually runs from 10:00am to 9:00pm, June 1 - August 22, 2025. Further, all our students carry identification recognizing them as part of the Family Health and Education Resources Program. They also carry radios or cell phones to contact their onsite leader, who can provide more information while in the field.

Some communities have ordinances governing door-to-door sales, canvassing, or solicitations. However, the Supreme Court has protected door-to-door advocacy based upon the free exercise and speech clauses of the First Amendment. The Court has been particularly suspicious of any prior restraint on these activities, such as requiring a permit or registration process. If your city has an ordinance that it believes applies to our activities, I ask that you contact us as soon as possible so we can discuss this.

We believe our evangelistic activities fall squarely within the protected zone of the First Amendment. Unless we hear differently, we do not plan on applying for any permit or registering prior to beginning our missionary work.

It is our desire to provide family, health and educational resources that will serve to bless local communities. We are happy to provide more specific information regarding the program upon request, and we look forward to working in your community and with your office as necessary.

PLEASE FORWARD THIS INFORMATION TO YOUR LOCAL POLICE/SHERIFF DEPARTMENT.

Please accept this letter as acknowledgment of our Family Health and Education Resources Seventh-day Adventist youth missionary project that will take place in your area. If you have any other questions, please don't hesitate to call us at 517-299-5024.

Respectfully yours,

David Pano
Literature Ministries Director
